

Patient-Centered Medical Home Acknowledgement Form

We are a Patient Centered Medical Home

As a Patient Centered Medical Home, our approach is to provide our patients with comprehensive health care, which is focused on all aspects of your health and overall well-being, including emotional, family and social concerns. Along with your physician and care team, you are the most important person in managing your health.

A “Medical Home” makes it easier and more comfortable for you to access care on a day to day basis by strengthening your relationship with your primary care provider and the team responsible for your care. With a medical home, your quality of care will be significantly improved, and it will take less time for you to get the care when you need it.

Benefits of a Medical Home Team

- ✓ Your medical home team will have an ongoing relationship with you and your family to manage your healthcare needs.
- ✓ You will see the same team each visit and they will assist you in coordinating care with other providers, specialists, and community resources if needed.
- ✓ Your team will have access to all of your health information via the patient portal at MyFetterHome in order to effectively manage your care.
- ✓ You will have easy access to care through same day appointments, extended operating hours and other methods of communication with your team.

How You Can Help

- ✓ Talk with your primary care provider and team about any questions you have.
- ✓ Keep in touch with your team if further questions arise about your health.
- ✓ Take care of your health by following the plan recommended by your team.
- ✓ Always let us know how we’re doing and how we can improve.
